A New Era of Service and Progress

LSUIC Leadership Engages Liberian Embassy

The National Executive Committee undertook an official engagement with the Embassy of Liberia in the People's Republic of China, strengthening communication between LSUIC and Liberia's diplomatic representation.

The visit provided an opportunity to discuss matters concerning Liberian students, including student coordination, passport renewal support, visa-related matters, and the Union's digital management system.

The engagement further reinforced the importance of cooperation between LSUIC and the Embassy in addressing issues affecting Liberian students and scholars across China.

Council of Coordinators Strengthens LSUIC Governance

The Liberian Student Union in China (LSUIC) constituted its 7th Council of Coordinators (CoC) to strengthen provincial coordination, institutional oversight, and governance across the Union.

The Council began operations on August 7, 2026, with two members: the National Vice President and Hon. Isaac K. Young of Zhejiang Province. On August 11, 13, and 15, 2026, the Council confirmed 14 coordinators and elected its leadership on August 20, 2026.

Hon. Prince Y. Saydee
Senior Coordinator (CoC 1)

Hon. Fredetta M. N. Yeene
Deputy Senior Coordinator (CoC 2)

Hon. Randolph Ralph Lama
Coordinating Secretary (CoC 3)

Leadership of the 7th Council of Coordinators

The leadership comprises Hon. Prince Y. Saydee, Senior Coordinator (CoC 1); Hon. Fredetta M. N. Yeene, Deputy Senior Coordinator (CoC 2); and Hon. Randolph Ralph Lama, Coordinating Secretary (CoC 3).

The establishment of the 7th Council of Coordinators strengthens the Union's coordination structures and provides an additional channel for communication, provincial representation, and institutional oversight.

Provincial Coordination: LSUIC's Network of Coordinators

Provincial coordinators serve as an important link between LSUIC's national leadership and Liberian student communities across China.

The 2026–2027 administration's coordinator network reflects LSUIC's continued effort to maintain a more connected and responsive presence across different provinces and municipalities. The roster below identifies the coordinators and their assigned locations.

The VOSA 2026 flyer

LSUIC's 2026 Volunteer Orientation Seminar and Awareness (VOSA) provided an important platform for newly arrived and continuing students to gain useful information about life and academic engagement in China.

The program addressed areas including academic guidance, LSUIC orientation, legal considerations, health and safety, and other matters relevant to the student experience.

VOSA 2026 reflects the Union's continued commitment to ensuring that Liberian scholars are informed, connected, and better prepared for their academic journey.

Council of Presidents: Strengthening City-Level Leadership

The Council of Presidents (CoP) provides a leadership structure for city-level representation and coordination within LSUIC.

Its leadership supports communication among city unions, strengthens cooperation with the national administration, and provides a channel for addressing matters affecting Liberian students in their respective locations. The First Council of Presidents is led by the following officers.

Archie Cole Jr.
Senior President, First CoP

Jessey Saah Ndorley
Deputy Senior President, First CoP

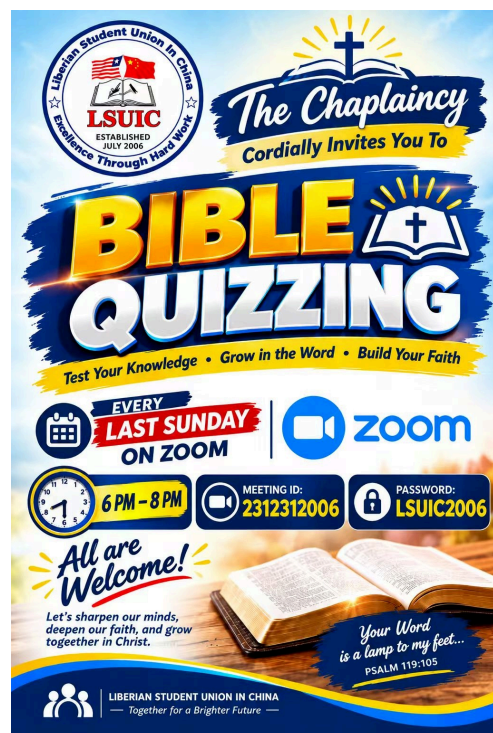

Millerlyn Baby Mai Catakaw
Coordinating Secretary, First CoP

Officers of the First Council of Presidents (2026–2027)

With the Council of Presidents in place, city unions now have a formal channel through which local concerns can be raised and addressed alongside the Union's national structures.

LSUIC also continued to create opportunities for fellowship and learning through its Bible Quizzing Program.

The initiative provides students with an opportunity to engage with Scripture, develop biblical knowledge, and fellowship with members of the Liberian student community.

The Bible Quizzing Program, an initiative of the LSUIC Chaplaincy, was hosted for the first time in the Union and will now be held regularly on the last Sunday of every month via the Union's Zoom platform.

Cities Strengths: Student Engagement and Provincial Development Across China

Across cities and provinces, LSUIC's local structures keep Liberian students connected to the Union and to one another. From welcome programs for newly arrived scholars to elections, picnics, and national-day celebrations, city-level activities encourage participation and strengthen

coordination between local student communities and the national leadership. Highlights from the first-quarter reports of the 2026–2027 administration follow.

Zhejiang — Jinhua

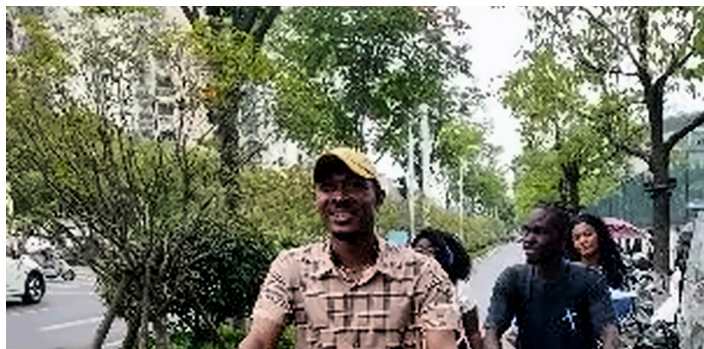

The Jinhua Region welcomed newly arrived students with a “Back to School Fun” program on September 26, 2026, at the Peak Great Lawn in Wucheng District. The program introduced new students to the Union, its leadership, and its objectives, and offered guidance on settling into student life in China. During the quarter, the executive also met with the student community on welfare and members' responsibilities, while members maintained the timely payment of dues.

Taizhou

The Taizhou City Chapter established its city-level leadership structure this quarter and supported newly arriving students with pickup services at arrival. Its New Students Welcome Program on September 27, 2026 formally received new students into the Liberian student community. Membership grew from 7 to 12 as five new members joined, and the chapter was represented at the LSUIC National Conference.

Wuhan

Reporting for the July–September quarter, the Wuhan Union of Liberian Students (WULS) completed a successful electoral process and observed Liberia's 179th Independence Day (July 26) and Flag Day (August 24), welcoming musician King Dennis to Wuhan for the celebrations. WULS also originated the Volunteer Orientation Seminar and Awareness (VOSA), elevated to a national LSUIC program delivered on September 26. Of 14 planned first-quarter activities, 9 were completed — a 67% execution rate.

Shanghai

Guided by its Service, Unity, and Progress (S.U.P.) agenda, the Shanghai Union of Liberian Students (SULS) focused the quarter on rebuilding internal structures. The chapter reactivated its Advisory Committee, established functional committees to share responsibility, and organized its first welcome picnic, giving students from different universities the opportunity to connect and strengthen the spirit of community.

Zhejiang — Hangzhou

The Liberian Students Association in Hangzhou (LISAH), LSUIC's Hangzhou City Chapter, launched its city membership form — recording at least 30 of the projected 60 Liberian students in the city — and completed over 90% of its leadership structure, from executives to a student representative council. The chapter launched its 2026–2027 Strategic Plan of Action under the U.N.I.T.E. pillars (Unity, Networking, Integrity, Transformation, and Empowerment) and conducted its induction and turnover ceremony on August 29, 2026.

These city-level engagements show the practical value of local leadership: students are received, informed, and connected as soon as they arrive, and their communities remain linked to the Union's

national programs. Continued city-level engagement will remain essential to LSUIC's coordination, communication, and representation across China.

SOCIAL MOMENTS

Bosco and Ruphine Celebrate Their Wedding

The LSUIC community joined in celebrating Bosco and Ruphine as they began a new chapter of life together in marriage.

The occasion brought members of the Liberian community together in celebration, fellowship, and goodwill. The National Executive Committee (NEC) contributed the sum of 1,000 RMB on behalf of LSUIC.

LSUIC extends its warmest congratulations to the couple and wishes them a marriage filled with love, peace, understanding, joy, and lasting companionship.

Congratulations, Bosco and Ruphine!

A New Era of Service and Progress

From strengthening governance through the Council of Coordinators and city leadership to engaging the Liberian Embassy, organizing student programs, welcoming newly arrived scholars, and creating opportunities for fellowship, LSUIC continues to build a more connected student community across China.

The August to September edition of the LSUIC Chronicle reflects a period of continued institutional development, student engagement, cooperation, and community.

Excellence Through Hard Work.
